WHOLESALE GROWERS

GUADALUPE, CALIFORNIA, U. S. A.

Cable Address "Waller, Guadalupe"

Code A. B. C. Fifth Edition Improved

Foreword

TO THE TRADE:

We take pleasure in presenting our 1927 contract and general trade list.

An institution grows as it is capable of serving well its many customers: WE serve the discriminating trade what they demand: MERIT FLOWER SEEDS.

We are justly proud of the esteem and favor our stocks have attained, and devote all our energies to the perfecting of strains and the breeding up of new varieties.

We extend to the seed trade a most cordial invitation to visit our experimental and test grounds and our extensive ranches, and personally acquaint themselves with the purity of our cultures.

We again welcome the opportunity to thank our patrons for their generous support in the past and will do our utmost to justify their continuance.

GENERAL CONDITIONS OF DELIVERY

For every order, we agree to plant sufficient land to produce the desired quantity of seed under normal conditions.

Should the outcome of the crop be lower than our estimation, orders will be filled pro rata only.

Crop failure or any other cause beyond our control releases us entirely from delivery.

We give no warranty, express or implied, as to description, purity, productiveness, or any other matter of any seeds we sell, and we will not be in any way responsible for them.

TERMS

All seeds are quoted f. o. b. Guadalupe, California, for delivery after harvest crop of 1927, 60 days acceptance net, less 2% cash thirty days.

All overdue accounts subject to sight draft without further notice.

Bags and containers will be charged at cost and are not returnable.

While we are confident prices given in this catalog are very reasonable, we shall be pleased to have the opportunity of meeting any reasonable competition of houses of repute.

No order filled for less than a quarter pound except where ounce prices are quoted.

We reserve the right to change any prices in this list after May 1st, 1927.

WALLER-FRANKLIN SEED CO.

MIXTURES BY FORMULA

As the result of years of experimenting, our research department has perfected certain color blends of various mixtures.

These mixtures were subject to the criticism of visiting seedsmen for several years and when unanimously approved were considered MASTER FORMULAE.

Mixtures grown from these Master Formulae are listed in this catalog as "WALLER-FRANKLIN FORMULA MIXTURES."

PHOTOGRAPHS

We have a large collection of photographs of annuals and perennials and we will be pleased to send selections for your inspection.

NOVELTIES

We devote a great deal of time and attention to the perfecting of original strains and also to the development of new colors and types of flowers and each year have had the pleasure of introducing a number of outstanding novelties.

We devote fifty acres of our very finest land to Experimental Grounds and we have many worth while novelties in various stages of development. An announcement regarding our novelties for 1927 will be made in July.

Novelties Introduced By Us in 1926

* * * * *

TWO NEW GIANT SCABIOSAS

(Annual Type)

PEACH BLOSSOM—"Highly Commended" by the Royal Horticultural Society of Great Britain. A beautiful shade of Peach Blossom Pink, large size and long stems. An excellent cut flower. Price per oz. \$0.75, per $\frac{1}{4}$ lb. \$2.25, per lb. \$7.50.

SHASTA—A pure white of enormous size, the flowers measuring three and a half inches across with extremely long stems. Price per oz. \$0.75, per $\frac{1}{4}$ lb. \$2.25, per lb. \$7.50.

NEW LATE FLOWERING SWEET PEA

SNOWBALL—A new white Late Spencer Sweet Pea, which as its name implies, is so heavily laden with substance that it stands out among others of its class as a snowcapped mountain. A vigorous grower, with long sturdy stems supporting a group of four beautifully frilled and well spaced flowers, making a dazzling flash of whiteness.

Its ability to retain, if not improve, its whiteness in water and its unusual abundance of perfume will always command attention as a cut flower. Price per $\frac{1}{4}$ lb. \$1.50, per lb. \$5.00.

NEW EARLY FLOWERING SPENCER SWEET PEAS OF MERIT

EARLY ORANGE KING—This is a wonderful advance in Early Sweet Peas. It is a beautiful glowing orange and practically sunproof. It throws fours regularly on long stiff stems. A spray of this grand variety under artificial light is glorious. This is indeed the richest and deepest orange colored Early Sweet Pea yet introduced. Price per oz. \$1.00, per $\frac{1}{4}$ lb. \$3.00, per lb. \$10.00.

EARLY PINK CHEROKEE—The constantly growing demand for a good early cream pink that will force under glass is here realized. This new variety is of surpassing beauty; a fine pink suffused with salmon on a deep cream ground, of vigorous robust habit. Price per $\frac{1}{4}$ lb. \$1.50, per lb. \$5.00.

EARLY SWEET LAVENDER—There is always room for a better lavender and this new variety, we predict, will surpass anything in this group. A pure lavender self, of enormous size, beautifully frilled, always bearing fours and with good stems. Sweet Lavender will undoubtedly become the most popular variety among lavenders for forcing. Price per $\frac{1}{4}$ lb. \$1.50, per lb. \$5.00.

NOVELTIES RECENTLY INTRODUCED BY US

* * * * *

ANTIRRHINUM PINK PERFECTION—A distinct achievement in Antirrhinums. A new Perfection type, in the *Nanum Grandiflorum* group. In habit, this new type may be likened to Perfection Stocks—the plant produces innumerable long perfect spikes. We have cut as many as twenty-four spikes from one plant. The spikes are perfectly balanced; the flowers are a beautiful shade of pink, described as *Hermosa Pink*, slightly suffused with salmon. We venture to say that this fine Antirrhinum will even exceed in popularity our now famous Silver Pink. Price per oz. \$1.00, per $\frac{1}{4}$ lb. \$3.00, per lb. \$10.00.

ESCHSCHOLTZIA ORIENTAL QUEEN—This is one of the prettiest Eschscholtzias ever introduced. The inside of the petals is a beautiful shade of pale buff while the outside of the petals is a rich raspberry red. The blooms are of immense size, the fully expanded flowers measuring four inches in diameter. Price per oz. \$2.00, per $\frac{1}{4}$ lb. \$6.00, per lb. \$20.00.

LARKSPUR EMPEROR PINK DELIGHT—A fine new Larkspur, suitable for bedding or pots, of compact growth, about twenty-four inches high. The color is the same shade of pink as the popular variety, *Exquisite Pink* in the Tall Branching group. Price per $\frac{1}{4}$ lb. \$1.50, per lb. \$5.00.

NEW VERBENA LUMINOSA—A new color added to our group of *Grandiflora Verbenas*. Gigantic blooms of luminous flame pink toning to softer shades of salmon, flesh and coral, giving the whole a most beautiful and almost indescribable color that must be seen to be appreciated. Price per oz. \$1.00, per $\frac{1}{4}$ lb. \$3.00, per lb. \$10.00.

CANARY YELLOW (Creole). Award of Merit, R. H. S.

ROSE, Rose Pink. Award of Merit, R. H. S.

SILVERY LILAC (Empress Augusta Victoria). Award of Merit R. H. S.

These are three exceptionally fine Stocks which produce a very high percentage of double flowers. They each received an Award of Merit from the Royal Horticultural Society of Great Britain. Price per oz. \$1.60, per $\frac{1}{4}$ lb. \$4.80, per lb. \$16.00.

SWEET PEA EARLY ELDORADO (Waller-Franklin)—A pure orange salmon; early everblooming, of robust vigorous habit. In color it is synonymous with the late variety Robert Sydenham. It is practically sunproof and does not require shading. Price per $\frac{1}{4}$ lb. \$3.00, per lb. \$10.00.

SPECIALTIES

ALYSSUM PROCUMBENS—Carpet of Snow. A very select strain grown by us with the greatest of care, habit two and a half inches high and about twelve to eighteen inches in diameter, and has the appearance of a nice flat pancake. The blooms are massed, completely hiding all foliage, and a field of this in bloom has the appearance of being covered with snow. Price per $\frac{1}{4}$ lb. \$0.75, per lb. \$2.50.

CARNATION CHABAUD'S GIANT IMPROVED

A new acquisition in the line of Carnations; coming into bloom six months from seed and continuing to bloom throughout the Summer. The plants are of robust upright habit; they form ten to twenty stalks bearing huge flowers of fine form; they come about 90% double, quite true and are highly clove scented. This group should not be confused with the old Chabaud type.

COLOR CLASSIFICATION

In view of the numerous recent Sweet Pea introductions, it seems necessary at this time to set up a classification according to color.

Every year we make careful color comparisons of the older varieties and the latest introductions and are in an eminent position to judge their respective merits.

We now take pleasure in submitting a color classification of the Standard Spencers.

The variety we consider best in each color class is indicated by an asterisk (*).

CARNATION CHABAUD'S GIANT IMPROVED

A new acquisition in the line of Carnations; coming into bloom six months from seed and continuing to bloom throughout the Summer. The plants are of robust upright habit; they form ten to twenty stalks, bearing huge flowers of fine form; they come about 90% double, are quite true and are highly clove scented.

This group should not be confused with the old Chabaud type.

IN CONCLUSION

As the foregoing list shows, we specialize exclusively in Annual Flower Seeds including a few perennials.

We are, in fact, specialists in growing Annual Flower Seeds and the heart of our business is composed of fifty acres of Experimental, Stock Seed Production and Test Grounds operated by a staff of experts. Here are developed pure line strains of varieties and special formulae for mixtures. In all, we farm over fifteen hundred acres of land, and every operation, from the time the seed is planted until it is harvested, threshed, cleaned and shipped to our customers, is supervised by experts.

We solicit your continued patronage on the merit of our seeds and the fairness of our prices.
